GREAT AMERICAN REMEDY.

VEGETABLE DYSPEPSIA BITTERS, a sure, speedy and permanent cure for Dyspepsia in its worst forms. This medicine will be found to cure all complaints arising from disorders of the stomach and bowels, biliousness, yellowness of the skin, Liver complaints, Debility, Headache, Nervousness, Low Spirits, Palpitation of the Heart, Costiveness, &c. &c. Please read the following certificates:

Read the following from an eminent physician:

The undersigned being acquainted with some of the ingredients of Hutchings' Vegetable Dyspepsia Bitters, and having used it for some time in his practice with every desired effect, he recommends this medicine from the certainty of its effect, and gives it preference over all preparations in medicine for that distressing complaint, Dyspepsia.

T. EARDENBERCH, M. D.,
No. 1 Beach street, N. Y.

From Luther Al Wyman, Esq., late President of New York Musical Society, now of Brooklyn:

The undersigned was afflicted with Dyspepsia of the worst form for one year and a half, during a greater portion of which time he made use of no remedies, but suffered the disease to take care of itself, until he was recommended to try Hutchings' Dyspepsia Bitters; he very soon derived benefit from the use of a few bottles of this medicine and now considers himself entirely well.

The undersigned has every confidence in the efficiency of Hutchings' Bitters for the cure of this troublesome and dangerous complaint, and he has no hesitation in recommending it as a most valuable medicine.

L. B. WYMAN,
N. York, Sept. 3, 1849 38 Burling Slip.

The following certificate is from Mr. Brady, the celebrated Daguerreotypist:

Having been afflicted very severely with Dyspepsia, together with extreme weakness he was advised to take Hutchings' Dyspepsia Bitters, and have every reason to believe it has perfectly cured me. I have felt no symptoms of a return of the disease and believe from the effect it had on me that it will cure the worst cases of Dyspepsia.

M. B. BRADY,
No. 205 Broadway, N. Y.

The Proprietor of this medicine has received many other certificates of cures, equally remarkable, of the various diseases for which this preparation is applicable; but the above are deemed necessary to satisfy any unprejudiced mind of its value and superiority above all other preparations.

Principal office, 122 Fulton-st., N. Y., up stairs.

Price, 50 cents per bottle, or 6 bottles for $2,50.

LITTELL'S LIVING AGE,
E. LITTELL & Co., cor. of Tremont and Bromfield streets, Boston.

This is work is conducted in the spirit of Littell's Museum of Foreign Literature, (which was favorably received by the public for twenty years,) but as it is twice as large, and appears so often, the editor not only gives spirit and freshness to it by many things which were excluded by a month's delay, but whilethus extending his scope and gathering a greater and more attractive variety, is able so to increase the solid and substantial part of his literary, historical, and political harvest, as fully to satisfy the wants of the American reader.

The Edinburgh, and Quarterly Reviews, and Blackwood's noble criticisms on Poetry, his keen political Commentaries, highly wrought Tales, and vivid descriptions of rural and mountain Scenery; and the contributions to Literature, History, and Common Life, by the sagacious Spectator, the sparkling Examiner, the judicious Athenæum, the hurry and industrious Literary Gazette, the sensible and comprehensive Britannia, the sober and respectable Christian Observer; these are interwined with the Military and Naval reminiscences of the United Service, and with the best articles of the Dublin University, New Monthly, Fraser's, Tait's, Ainsworth's, Hood's, and Sporting Magazines; and of Chambers' admirable Journal. He does not consider it beneath his dignity to borrow wit and wisdom from Punch; and, when he thinks it good enough, makes use of the thunder of the Times.

The steamship has brought Europe, Asia, and Africa, into our neighborhood; and will greatly multiply our connections, as Merchants, Travellers, and Politicians, with all parts of the world; so that much more than ever it now becomes every intelligent American to be informed of the condition and change of foreign countries. And this not only because of their nearer connection with ourselves, but because the nations seem to be hastening, through a rapid process of change, to some new state of things, which the merely political prophet cannot compute or foresee.

Geographical Discoveries, the progress of Colonization, (which is extending over the whole world,) and Voyages and Travels, afford favorite matter for his selections; and, in general, the editor systematically and very fully acquaints his readers with the great department of Foreign affairs, without neglecting our own.

While the Living Age is desirable to all who to keep themselves informed of the rapid progress of the movement—to Statesmen, Divines, Lawyers, and Physicians—to men of business and men of leisure,—it will be found to be equally attractive and useful to their wives and children. It is indispensable to every well-informed family. We say indispensable, because in this day of cheap literature it is not possible to guard against the influx of what is bad in taste and vicious in morals, in any other way than by furnishing a sufficient supply of a healthy character. The mental and moral appetite must be gratified.

By "winnowing the wheat from the chaff," by providing abundantly for the imagination, and by a large collection of Biography, Voyages and Travels, History, and more solid matter, a work is produced, well calculated for universal popularity, and to raise the standard of public taste.

This excellent work is published every Saturday, by E. LITTELL & Co., Boston, who supply orders by mail from all parts of the country. Remit any sum to them, and they will send the work to that amount. Each number makes a handsome pamphlet of 48 pages double col octavo. Price, 12 1-2 cts.,—or by the year, six dollars. We add to our own recommendation, what our readers will value infinitely more, a letter from the late Ex-President J. Q. Adams:—

"WASHINGTON, 27th December, 1845.

Of all the Periodical Journals devoted to Literature and Science which abound in Europe and this country, this has appeared to me to be the most useful. It contains indeed the exposition only of the current literature of the English language, but this by its immense extent and comprehension includes a portraiture of the human mind in the utmost expansion of the present age.

J. Q. ADAMS."

From Boston Chronotype.

Consumption the great curse of our northern attitude. It is blight of domestic felicity and the despoiler unity. It robs the cheek of its healthful bloom the mind of its serenity, and the eye of its brilliancy. It wastes the form, dims the intellect, and urges its victim into an early grave. The young and old, the serious and the gay, the city and the country-bred, are alike its prey and victims. Blessings on the man, then, whose skill and research furnished us weapons to defence to this Dweller of the Threshold! He merits the applause and gratitude of ages—shall have ours, at least.

WRIGHT'S VEGETABLE PILLS SUGAR FROSTED.—The Proprietor of this popular Family Medicine thankful for the extensive and increasing favor with which it is received, and feeling desirous of making every improvement in his power, believe to announce, that he has added an OUTSIDE FROSTING to the pills, or pure White Sugar, whereby everything disagreeable to the taste or smell is entirely removed, without in the slightest degree effecting, in other respects, the efficacy qualities of the medicine.—The want of innocent and convenient medium of disguising Pills, so generally felt, is thus supplied, and is confidently anticipated that the frosting will prove highly acceptable to the public. The occasional use of medicine is a matter of necessity with the great majority of mankind. Whatever, therefore, is done to remove its disagreeable associations, is a public benefit. The value of Wright's Indian vegetable Pills is well understood, innocent and efficacious, free from minerals of any description, and adapted to the circumstances and condition of life, they are esteemed by all other remedies, as the greatest family medicine of the day. The frost-covering is an action intended merely to conceal the taste and smell. These Pills will also continue to be prepared without the frosting, as heretofore, so that all who prefer them in their original state, may still be accommodated.

GENERAL DIRECTION.—The ordinary dose for a grown person is from two to four Pills; but in cases of silent pain, in any part of the day, the medicine should be taken in large doses, and repeated every night on going to bed, (or oftener if the suffering is great,) until pain, or distress of every kind removed; after which, the medicine should be taken merely with a view to keeping the bowels regular, which will in a short time restore the body to a state of sound health.

For more particular directions, see the circular accompanying each box.

CAUTION TO THE PUBLIC.

IT is now some eight years since the Tea Business, as an exclusive business, was commenced by Fletcher & Co., in this city, during which time the Establishment has flourished beyond expectation. They have furnished their customers with both Teas and Coffees at prices less than other dealers could buy,—which has caused numberless imitations of their stores, some of which imitations have closed; others are still lingering on, using our name, and by this means imposing upon the public; and it is to prevent this

CAUTION TO THE PUBLIC.

IT is now some eight years since the Tea Business, as an exclusive business, was commenced by Fletcher & Co., in this city, during which time the Establishment has flourished beyond expectation. They have furnished their customers with both Teas and Coffees at prices less than other dealers could buy,—which has caused numberless imitations of their stores, some of which imitations have closed; others are still lingering on, using our name, and by this means imposing upon the public; and it is to prevent this

GROSS DECEPTION,

Curious Revenge— *Or how a Woman Lost a Beautiful Leg.* The London Lancet of July, tells the following extraordinary story:—

Late one evening, a person came into our office and asked to see the editor of the Lancet. On being introduced to our sanctum, he placed a bundle upon the table, from which he proceeded to extract a very fair and symmetrical lower extremity, which might have matched "Atlanta's better part," and which had evidently belonged to a woman.

"There," said he, "is there anything the matter with that leg? Did you ever see a handsomer? what ought a man to be done with who cut that off?"

On hearing the meaning of these interrogatories put before us, we found it was the leg of the wife of our evening visiter. He had been accustomed to admire the leg and foot of the lady, of the perfection of which she was, it appears, conscious. A few days before he had excited her anger, and they had quarrelled violently, upon which she left the house, declaring that she would be revenged on him, and that he should never again see the object of his admiration. The next thing we heard was, that she was a patient in the hospital of ——, and had her leg amputated. She had declared to the surgeon that she had suffered intolerable pain in her knee, and begged to have the limb removed—a petition the surgeon complied with, and thus became the instrument of her own absurd revenge upon her husband."

Infamous! The speech of Joshua R. Giddings in the House of Representatives a day or two since in reference to the Fugitive Slave Act, was marked by all the peculiarities of that prince of demagogues and agitators. As a specimen of the gross personalities and falsehoods which it contains, we cite a single paragraph as follows:—

"Sir I was about to make some comparisons, but perhaps they may be regarded as indelicate. During last Summer two distinguished gentlemen of the same name occupied much of the public attention. One was said to have committed murder, and the other to have procured the passage of this law. One was hanged for his crime, the other, for his efforts, taken to the Executive Cabinet. One destroyed the life of an individual, the other contributed his efforts for the passage of this law, which must consign hundreds, perhaps thousands, to to the premature graves. I, sir cannot speak for others; but for myself I would rather meet my final Judge with the guilt of him who has gone to his account than of him who now sits in yonder Cabinet."

The Springfield Republican remarks on this,—"Without deciding upon the morality exhibited by Mr Giddings in his preferences, or the probability that he will be called to suffer as a murderer rather than invited to a seat in this or any other Cabinet; passing by the gross falsehood in regard to Mr. Webster's securing the passage of the Law, when he had openly stated his objections to it, and his preference for another, we simply point to the spirit of this extract, and leave it to the universal detestation with which it will be met." The movement and speech of Mr. Giddings, are deserving of the general contempt with which they have been received in the House. The Washington Republic states that at a caucus of the Free Soil members the other evening, Mr. Mann of this State, was the individual selected to move the repeal of the Fugitive Slave Law, but that Giddings managed to anticipate him.

U. S. Ship Ohio.—Orders have been received at the Charlestown Navy Yard, to fit out this noble vessel with the utmost despatch; probably to convey the United States contribution to the World's Fair.

Exciting Slave Case in New York. Henry Long, a waiter at the Pacific Hotel, was arrested on Monday and taken before the U. S. commissioner on the demand of a man from Russel county, Va., who claims him as a slave. The affair has caused quite an excitement among the abolitionists and colored people of New York, but no violence has been resorted to. The case has not been decided.

Jenny Lind in Tears.—The Washington Republic states the following incident in connection with the fair Swede's departure from that city:

"When the boat was about to start, Mr. Reeside approached her to take leave. She gave him her hand, uttering a kind "Good-bye," and then she said, "Oh, I have been so honored by the people of your beautiful city, by the great and good men of your nation, that"—Jenny said 'that,' but she said no more for Jenny's voice—that most beautiful of all voices—had failed her for once, and Jenny was weeping like a very child; and it was thus that Jenny left us. We do not envy her the great gift she possesses, but he will be greatly envied who shall ever possess herself."

The Daily News.

NEWPORT,

BY CRANSTON & NORMAN,

127 Thames Street.

FRIDAY MORNING, DEC. 27, 1850.

☞ PERSONS WHO DESIRE TO VOTE NEXT YEAR, MUST PAY THEIR REGISTRY TAX BY TO-MORROW NIGHT.

☞ A Coroner's Inquest was held yesterday before Daniel C. Denham, Esq., Coroner, on the body of a man by the name of Cook, a soldier belonging to Company H., 3d U. S. Artillery, stationed at Fort Adams; he was a German by birth, and about 35 years of age. He was in town on Monday evening, and in attempting to go to the Fort, on that evening, in the storm, he lost his way, and after wandering about for some time among the rocks, it is probable that he fell from one and perished. He was found lying on his face, in the water, and frozen to the ground, the place where he lay being swampy.

Tribute to Mr. Webster.—We are indebted to a friend for a copy of an Address delivered before the Phi Beta Kappa Society of Bowdoin College, Maine, at its anniversary in September last, by the Rev. Dr. Sprague, of Albany, New York. If our limits permitted we should be happy to transfer to our columns the whole of this able, learned, and eloquent address, which adds much to the already exalted reputation of this distinguished scholar and divine. But we are unable to do so. We cannot, however, forbear from laying before our readers an extract from it, conveying a tribute to the eminent gentleman whose name is at the head of this paragraph, as just as it is eloquent. It comes opportunely to rebuke the reckless animadversions which a few of the clergy of New England and elsewhere—some in Congress and some out—have poured forth upon Mr. Webster.

Such a tribute from a gentleman of Dr. Sprague's learning, piety, and Christian patriotism, cannot fail to have its just influence upon all candid and sober-minded men.

The subject of the Address is "the Perpetuity of Intellectual Influence."—The following is the extract:—

"If I were to select from the whole intellectual nobility of the present day one whose influence, especially as a statesman, furnishes an apt illustration of my subject, of any other, I should have no occasion to look beyond New England; and the name to which I refer has already become so much the property of history that delicacy does not forbid me to allude to it; while yet it is so much a household word that necessity hardly requires that I should pronounce it. That illustrious man, nearly half a century ago, was hard at work at a neighboring college in the cultivation of his intellect; and he has been hard at work, almost ever since, for the welfare of his country. I speak not of the distinctive hue of his political opinions, or of any particular position he may at any time have assumed; but, overlooking all party distinctions, I speak of him as an earnest, honest, far-seeing patriot; a man of wisdom and a man of might; great as truly in repose as in action; in thoughtful moderation as in resistless power. I honor him as fit to be a balance-wheel in our political mechanism, which shall give to each and every part of it a steady, safe, and effective operation. I honor him as one who has more than once shown himself able to stand up in serene grandeur amidst warring elements, and to make his voice heard above the loudest swell of the storm, declaring for his country, his whole country, forever. I honor him as one who has given additional value to the privilege of being an American, and whose name we have only to speak to rebut many of the paltry calumnies of other nations. There have been periods in our history when all parties have united in a tribute of homage to his public character; and even when he has appeared on the arena of political conflicts, and mingled in the hottest of the fight, he has never stood in so much as an equivocal attitude in respect to either dignity or integrity; and his very adversaries have felt constrained to do him honor. His vocation has been that of a statesman; and there his influence and his honors have chiefly centered; and yet he has occasionally brought an offering to the cause of literature, which has given him a place among her most renowned benefactors. The productions of his pen, distinguished alike by chaste simplicity and rugged strength, may fairly challenge comparison with the most classic productions of antiquity. His thoughts are like a chain of diamonds and his style like a crystal stream. Even Plymouth Rock and Bunker Hill have been invested with new attractions by the power of his eloquence; and as long as the one stands witness for religious freedom and the other a witness for civil freedom, will be a witness also to the majesty of his intellect. Yes, he will live on there all coming time; will a continually lighter and stronger and more widely diffused life. And if the State where was born and nurtured, or the Site which most of his public life has passed, should venture an attempt monopolize his fame, or hereafter build his monument, his country will cry out that he belonged to her; the world would cry out that he belonged her; and these universal claims would be echoed and re-echoed by each succeeding generation."

☞ Mr. Gliddon the egyptian traveler, under the especial patronage of such eminent persons as Rt. Rev. Bishop Potter, Dr. Mitchell, Dr. Marion, Rev. Mr. Newton, Thomas. Warton, Dr. Parish, Mayor Gilpin, Henry C. Carey, besides a whole bevy of ladies, with Mrs. Rush at the head, is to give in Philadelphia, a series of Archæological lectures in the upper saloon of the Chinese Museum. We see that besides a large amount of new and interesting information promised the *programme*, Mr. Gliddon will open to mummies of ancient inhabitants of the Nile, one of which is a lady of rank one 2500 years old. Is he sure this time of the sex?

Beat this who can.—A flock of thirteen wild geese passed over the neck Christmas day. Mr. Peg Anthony fired at them, and killed seven at one shot; the old gander was among the dead.

Epitaphs.—On a tombstone in one of the oldest burial grounds in New Hampshire, is engraved among other devices and inscriptions, an hour-glass with its accompanied motto:

"My glass is run"

which by a slight operation of some Yankee's brain and jack-knife, is now made to read,

"My glass is RUM."

Benedict Arnold—A Relic.—At the warehouse of W. C. Foster at Sophia street bridge, among a mass of furniture and household stuff recently left there by an English gentleman, is a sign, of which the following is a copy:

B. Arnold, Druggist,
Bookseller, &c.
FROM LONDON.
Sibi Tonique.

This is probably the identical sign which belonged to Arnold when he carried on business in New Haven from 1763 to 1767. It is alike on both sides, having been used as a swing sign. Assuming that we are right in reference to its identity, it was recently found among some rubbish in the garret of Arnold's former residence and place of business, which, as we learn from Lossing's Pictorial Field Book of the Revolution, was still standing on Water street, New Haven, so late as 1848.—*Rock. Adv.*

Benedict Arnold's old residence is still standing on Water street, New Haven, and in a capital state of preservation. It was originally a substantial frame house, two stories high, with dormer windows, capacious and elegantly finished for the time, with a great deal of waistcoating, chimney-piece luxuriance, &c. It was built by Arnold himself, and occupied by him until his treason forced him to abandon it and the country.

☞ Beranger, the famous lyrical poet of France, is said to be seriously ill, so that apprehensions of his death are entertained.

Lady Professors.—The Professors of the Female Medical College in Philadelphia, speak very enthusiastically of their classes. The ladies go into their dissections with the greatest gusto—just as they cut up pork chops or carve turkey.

☞ The London Quarterly Review speaks of our national ensign, as "that fast fowl, the annexing and equinting eagle—with its one eye on Cuba, and the other on Quebec."

☞ Rev. W. Colton, in his "Three Years," thus pleasantly tells of the way the lads frolic with *lumps of gold* in California:

"I encountered to-day a company of Californians on horseback, bound to a pic-nic, each with his lady-love on the saddle before him. He, as in duty bound, rides behind, throws his feet forward into the stirrups, his left hand holds the reins, his right encircles and sustains the lady, and there she rides as safe as a robin in her nest; sprigs of evergreen, with wild flowers, wave in her little hat, and larger clusters in his; both are gaily attired, and smiles of light and love kindle in their dark expressive eyes. Away they gallop over hill and valley, waking the wild echoes of the wood. One of my hunting dogs glanced at them for a while, and seemed so tickled, he had to plunge into the bushes to get rid of his mirth.

Self-Impose Taxation.—Mr. G. R. Porter, in a communication to the British Association, shows that the Working Classes of the United Kingdom expend annually on *three* articles of luxury, the use of which he presumes might advantageously be dispensed with, viz: Spirits, Beer, and Tobacco, the following sums respectively, £24,091,456, $25,383,165, and $7,583,607, making a total of $57,063,230. "A sum," which must appear perfectly fabulous until the reasonableness of the result be shown by means of calculations adopted and formed on good authority.

Waiting for Maiden Age.—A youth went to a barber's shop, the other day, to be scraped. The barber having adjusted the cloth, and soaped the smooth skin, left him, and went lounging about the door. As soon as the young "gent" saw him sauntering, he impatiently called out.—

"Well, what are you leaving me all this time for?"

"Sa," said he, "I am waiting until your beard grows."

Gerrit Smith utterly declines being again a candidate for the Presidency.—*Ex. Paper.*

We breathe free!

☞ We learn that Dr. Allan, of Providence, committed suicide, Wednesday evening, by taking laudanum.

Fire in Fall River and Loss of Life. We understand that the Episcopal Church in Fall River, and a dwelling house adjoining, were destroyed by fire on Tuesday night. A young man (an Irishman) was killed by the falling of a chimney. The fire caught from some defect in the furnace of the Church.—The Unitarian and Universalist Churches and several dwelling houses caught from the sparks, but by prompt exertions of the firemen and citizens, they were all extinguished with but trifling damage. The Episcopal Church was insured for $3,000, which was about what it was worth.

GEN. SANTA CLAUS.

GRAND ARRIVAL.

Peal out ye merry Christmas bell,
Again the happy story tell;
Sound the trumpets, beat the drums;
Lo, and behold old Santa comes.

Young's shop will be the grand depot
Where all the folks in town will go;
I am determined you shall see
A bright and shining galaxy.

Of toys that are rich and curious wrought,
Designed for learning and for sport.
You will find I have done my very best,
In Candies, Toys and all the rest.

I would like to tell you all I have brought,
But such a thing cannot be thought;
So come yourselves and take a peep,
And I will fill your stockings cheap.

I have travelled all the world around,
For everything that can be found;
To please you all I do depend
My toys are all the *Jenny Lind*.

So now my little friends good bye,
You know that Christmas eve draws nigh,
And I've a task that is not light
To do before next Christmas night.

Besides, I'm getting old and gray,
Although I'm cheerful, almost gay,
My heart grows light while gathering stores,
For you my children, SANTA CLAUS.

THE FIRST CHURCH IN PROVIDENCE, NOT THE OLDEST OF THE BAPTISTS IN AMERICA.

ATTEMPTED to be shown by the Rev. S. Adlam, Pastor of the first Baptist Church in Newport, R. I. Such is the title of a pamphlet which is now in press and will be published in a few days; this most conclusively proves that the Church in Providence is not the oldest Baptist Church, but in this work the serious errors inscribed on the bell of the First Church, and on its tablet in the Meeting House, are pointed out; and it is shown, that instead of being the First Baptist Church established in this country, two others were constituted before it; but one of these being extinct, it is now the second as to age of the Baptist denomination in America.

AYER'S CHERRY PECTORAL.

For the Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH AND CONSUMPTION.

This truly valuable Remedy for all diseases of the Lungs and Throat, has become the chief resource of the afflicted, as it is the most certain cure known for the above complaints. While it is a powerful remedial agent in the most desperate and chronic species cases of Consumption, it is also, in diminished doses, one of the mildest and most agreeable family medicines for common coughs and colds. Read below the opinion of men who are known to the world, and the world respect their opinions.

FROM PROFESSOR HITCHCOCK.

"James C. Ayer—Sir: I have used your "CHERRY PECTORAL," in my own case of deep-seated Bronchitis, and am satisfied from its chemical constitution that it is an admirable compound for the relief of laryngeal and bronchial difficulties. If my opinion as to its superior character can be of any service you are at liberty to use it as you think proper.

EDWARD HITCHCOCK, L. L. D.,
President of Amherst College.

From the "LONDON LANCET."

"AYER'S CHERRY PECTORAL is one of the most valuable preparations that has fallen under our notice. After a careful examination, we do not hesitate to say we have a large appreciation of its merits and the fullest confidence in its usefulness for coughs and lung complaints."

Dr. Brewster, of Windham Co., Conn., sends us the following testimony:—

Dr. J. C. Ayer—Dear Sir:—I enclose you a certificate from Mrs. Catherine K. Cady, a highly respectable lady of this village, wife of Mr. Seth Cady, Deputy Sheriff, Windham Co., Connecticut. The cure in her case was very prompt, and has attracted general attention.

W. A. BREWSTER, M. D.

WEST KILLINGLY, Ct., Sept. 28, 1849.

This may certify that I was afflicted with a very severe cough in the winter of '47 8, which threatened to terminate in Consumption. I had tried many medicines in vain and was cured by the use of "AYER'S CHERRY PECTORAL."

CATHERINE K. CADY.

DIRECT EVIDENCE.

Dr. J. C. Ayer, Lowell—Dear Sir:—Feeling under obligations to you for the restoration of my health, I send you a report of my case, which you are at liberty to publish for the benefit of others. Last autumn I took a bad cold, accompanied by a severe cough, and made use of many medicines without obtaining relief. A friend gave me a bottle of your CHERRY PECTORAL the use of which I immediately commenced according to directions. I now sleep well, my cough has ceased, and all by the use of your medicine.

E. S. STONE, A. M.,
Principal Mt. Hope Seminary.

From Dr. Bryant, Druggist and Postmaster, Chicopee Falls, Mass:—

Dr. J. C. Ayer—Dear Sir:—Enclosed please find remittance for all the CHERRY PECTORAL last sent me. I can unhesitatingly say that no medicine we sell gives such satisfaction as yours does; nor have I ever seen a medicine which cured so many cases of Cough and Lung Complaints. Our Physicians are using it extensively in their practice, and with the happiest effects. Truly yours, D. M. BRYANT.

PROFESSOR A. S. BARRY'S TRICOPHEROUS OR MEDICATED COMPOUND,

INFALLIBLE for restoring, invigorating and beautifying the Hair, removing Scurf, Dandruff, and all affections of the Scalp, and curing Eruptions on the Skin, Diseases of the Glands, Muscles, and Integuments, and relieving Stings, Cuts, Bruises, Sprains, &c. &c. With this preparation, "there is no such word as fail." The first journals in America, medical men of the highest eminence, prominent citizens of all professions, and ladies who have used it for years in their dressing rooms and nurseries, admit with one accord, that, for imparting vigor, gloss, luxuriance and curl to the hair, eradicating scurf and dandruff, healing wounds, curing contusions, sprains, stings, &c., and relieving diseases of the skin, the glands, and the muscles, it has no equal among the multitude of compounds advertised in the public prints, or used in private practice. In cheapness as well as efficacy, Barry's Tricopherous is unrivalled. The immense cash sales of the article, have enabled the inventor to supply it at retail at twenty-five cents per bottle, which is from fifty to one hundred per cent. less than the price of any other preparation now in use. The scientific treatise on the hair and skin (embracing valuable directions for the culture and preservation of Nature's choicest ornament,) in which each bottle is enclosed, is alone worth the money.

The affinity between the membranes which constitute the skin, and the hair which draws its nutriment from this triple envelope, is very close. All diseases of the hair originate in the skin of the head. If the pores of the scalp are clogged, or if the blood and other fluids do not circulate freely, through the small vessels which feed the roots with nutriment and impart life to the fibres the result is scurf, dandruff, shedding of the hair, grayness, dryness, and harshness of the ligaments and entire baldness as the case may be. Stimulate the skin to healthful action with the Tricopherous, the torpid vessels, recovering their activity, will annihilate the disease. In all affections of the skin, and of the substrata of muscles and integuments, the process and the effect are the same. It is upon the skin, the muscular fibre, and the glands, that the Tricopherous has its specific action, and in all affections and injuries of these organs, it is a sovereign remedy.

Sold in large bottles—*price 25 cents*—at the Principal Office, 137 Broadway, New-York: For sale by the principal Merchants and Druggists throughout the United States and Canadas, and by R. J. TAYLOR, Newport, and J. Balch & Providence, R. I. apr30 6m

As the evenings are getting longer, it is of great importance to economize in our *lights*, and to see that your Lamps are in good burning order. And as this branch of our business I have paid particular attention to for a long time, and have my arrangements always ready, to give the public a fresh and good article at the lowest prices, we invite all that have not tried our Pine Oil and Burning Fluid to call at once, for it stands in the same proportion in quality as our early Camphene does in comparison with the trash furnished from New York at a less price, and as I am the only manufacturer of Camphene in Rhode Island I feel justified in saying I can give the public a better and fresher article than can be purchased elsewhere.

COAL! COAL!!

THE subscriber would inform his friends and the public, that he has on hand a first rate article of Red Ash Stove and Egg Coal, selected with great care from the best

SCROFULA

If thousands of cases of Scrofula, Cancers, Syphilis, and other dangerous diseases of the Blood—and of the VERY SMALL QUANTITY *which was used of a Medicine to effect many of such diseases, be any proof of the purifying medicinal power in the Medicine which has subdued and conquered such diseases—then there is unquestionable evidence that—*

BRANT'S INDIAN PURIFYING EXTRACT

is such a *Medicine*, in every respect; and there is abundant proof, in *great cases effected*, that ONE BOTTLE of it contains more purifying, healing virtue, and *medicinal power*, *than* there is contained in FOUR BOTTLES of any Sarsaparilla, or any other medicine now before the public or sold. There is unanswerable proof in our pamphlets, that of the cure of this great *Indian Purifier*, they that were DYING yet LIVE—they that were LAME and CRIPPLED can now WALK—they that were SICK, SCROFULOUS and otherwise diseased, have been HEALED and CURED

Hundreds—Thousands—

who have used *BRANT'S PURIFIER*, after having used and tested all the *Sarsaparillas* and other medicines recommended to cure blood diseases, have decided that—

Brant's is the Cheapest;

because *one* bottle of it has *more* medical, curative matter in it, and, in consequence, *cures more diseases*, in much *less time*, than *one* bottle of any other medicine.

If, then, *one bottle* of BRANT'S PURIFIER will cure *FOUR TIMES* more diseases than *one bottle of Sarsaparilla*, BRANT'S PURIFIER would be as cheap at *four dollars* a bottle, as *sarsaparilla* at *one dollar*. Therefore BRANT'S PURIFIER is sold for only ONE DOLLAR a bottle; and as a bottle of it has *cured*, and is *capable of curing*, *FOUR TIMES* as much disease as *one bottle of Sarsaparilla*, there is, in Sarsaparilla, in consequence of its *less power* and less medicinal efficacy, *four times* more than enough to pay *five cents* per bottle, to be as cheap as the PURIFIER at *one dollar*.

One Dollar's Worth!

How much CANCER—how much SYPHILIS—how much SCROFULA—will *one dollar's worth of BRANT'S PURIFIER* cure? Read the following statement, which is a specimen of its power:—

CANCEROUS SCROFULA!

This is the case of a *dying man* who *yet lives*. He was cured of a worse case of SCROFULA, by only *twelve* bottles of Brant's Purifier, than ever was cured by the use of *twelve* GALLONS of the best *Sarsaparilla* that was ever made. Sarsaparilla has not a regular medical power to effect the cure of such a *vastly more dangerous* case.

Mr. J. B. HASKIN, *of Rome, Oneida Co., N. Y.*, had *Scrofula for four years*—was confined to his bed the *last year*—he was so much diseased and debilitated as to be unable to raise his head to look at his wife—had the *best medical advice*—had used ALL of the best *Sarsaparillas* to no good effect—his *sores* and *cancers* were considered to be in a *dying state*, and could not live *twenty-four hours longer*, when he commenced using BRANT'S PURIFIER. His *sores were written correctly of, from year to year; boils were driven through his windpipe*, under his chin, so that he breathed through the holes; his *ear* was so eaten around that it could be lifted up out of its place, it only holding by a *small piece*; the *nose of his face* was destroyed by two ulcers; an ulcer eaten into the nerve, on finger on a sore hand, had nearly eaten through the *ride bone* for both. Thus he was afflicted with *Scrofula, cancer, and ulcerous ulcers*, on various parts of his person. For further and full particulars, see our PAMPHLETS.

Dr. THOMAS WILLIAMS, one of the most skilful physicians of Rome, was called in to see Haskin the day before he commenced trying Brant's Purifier. Dr. W. examined him, and then told *him that all the medicines in the world could not save him*—that his case was

Worse than Hopeless!

Now hear Mr. HASKIN'S statement of cure! He said: "My wife procured one bottle of *BRANT'S PURIFYING EXTRACT*, of *Russell & Leonard*, druggists of Rome. I commenced taking it, and soon began to get better. That bottle enabled me to get up and walk, when I had been confined *one year*; the *second bottle* enabled me to get out of the house; *the third bottle* enabled me to walk *two miles*, to Rome Court-house, where I procured *six bottles more*; and when I had finished taking them, I was entirely cured of locality ulcers had healed up—and three months after, had a PERFECT CURE of all the ulcers, and restored me to *good health*."

FOURTEEN WITNESSES!

Mr. HASKIN has sworn to the above facts, and the facts are sustained and certified to by Dr. T. WILLIAMS—Mr. J. R. BROWN, *postmaster of Rome*—Mr. *Rome Russell*—Messrs. RUSSELL & LEONARD, wholesale and retail druggists—*all* ELEVEN *other respectable witnesses*.

CANCERS CURED.

"Dr. O. B. KINSEY, merchant, *Clinton, Oneida county, N. Y.*, informed us that a cancer—doctor in mid county was performing wonderful cures of Cancers through the efficacy of BRANT'S PURIFYING EXTRACT. A cancer—doctor in Greene county, N. Y., is also trying said Purifier in Mr. A. S. SETTLE, druggist, at Canajoharie, Montgomery county, N. Y., has informed us of an important cure of a Cancer of long standing, which was effected on an aged lady of this place. If, therefore, BRANT'S PURIFIER in every Cancer, by its purifying, healing power, will improve the disease or it *should* cure it not cure? Seven years' experience and truthful says there are none but what it will cure.

FEVER-SORE CURED.

The Rev. RICHARD DUNNING, Pastor of the Presbyterian Church, Adams Basin, Monroe county, New York, states to us: "I have had a fever-sore on my left Cheek for twenty Months, relative to the cure of his Fever-sore, I may depend on what it states, for he is a Christian man and an elder in the church. Some years since he had in two years of his very active life, in consequence of a Fever-sore. The other leaving being now quite painful about to be amputated, I recommended BRANT'S PURIFIER. Read the result. He says: *'I have used only three bottles* of BRANT'S MEDICINE. *I planed* ALL HOPE, *from your recommendations, I procured three*, and I can now say that, with the blessing of God, *it has effected a cure of my leg.*" See Pamphlets for full particulars.

LIVER-COMPLAINT!

Dr. NATHAN HUBBARD, of *Stamford, Conn.*, one of the oldest and most respectable physicians, was afflicted with *Liver-Complaint* many years, and was *perfectly cured by using* BRANT'S PURIFYING EXTRACT. We could name hundreds of other cases, also cured.

FEMALE WEAKNESSES & COMPLAINTS.

No remedy offered to the public has ever been *half so certain and effectual* in restoring the afflicted females to *health and cheerfulness* of the sex, as BRANT'S PULMONARY BALSAM. It makes no difference whether the derangement is of *suppression, excess*, or other weakness—it REGULATES ALL, by *strengthening the* SYSTEM, *quickening the* CIRCULATION, and *soothing and allaying* NERVOUS IRRITABILITY &c. See pamphlets.

CHANGE OF LIFE,

from the *girl* to the *woman*, and the *woman at middle age*—*every time* a change is *needed*, and the *other* is *positively suppressed*, as to prevent any of the *fearful diseases* that frequently arise in consequence of such change.

Dyspepsia—Sour Stomach!

"ATTICA, GENESEE *Co., February 1, 1848.*

"M. T. WALLACE & CO.—*Gentlemen*: I was, for more than a year, afflicted with a disease of the stomach. I could eat eat any fat or greasy substance without exciting pain, sickness, and vomiting, and was continually afflicted with a sour stomach. I, as an experiment, tried one bottle of BRANT'S MEDICINE, which, to my utter disappointment, did not relieve me. I used *seven bottles more*, making *eight bottles* used. I feel myself entirely cured of the disease. I am now well and hearty, and can eat almost anything without being pained, or the stomach becoming sour. Yours respectfully, T. S. WILCOX."

Mr Wilcox is a respectable merchant of Attica.

NURSING SORE MOUTH, LOCOMOTOR[illegible], &c.

"BYRON, GENESEE Co., N. Y., Oct. 19, 1847.

"MESSRS. M. T. WALLACE & CO.: Some time last winter my wife became so debilitated from the effects of *La Grippe* and *Nursing Sore Mouth*, that she could not lift her child or perform any household labor. Her medical treatment was varied according to the advice and prescriptions of the most eminent physicians, until *our skill was exhausted* in useless efforts. She became so very *feeble*, that at one time she *actually weighed* but *seventy-five pounds*; but by the time she had taken *four bottles*, she became perfectly well. The cure is so perfect, that she is now enabled to do all necessary household work, and gained thirty pounds of flesh in four weeks. Yours truly, C. S. GALENTINE."

The reader will observe that Mr. GALENTINE says "*our skill*." He, we are informed by Z. S. TERRY Esq., of the same place, has studied Medicine.

MERCURIAL DISEASES.

BRANT'S PURIFYING EXTRACT *is a perfect and thorough eradicator of all the effects* of MERCURY, or any of the various preparations of CALOMEL or MERCURY, *from the bones*, and it removes *every mercurial wonder*, and *all the parts diseased*, to their original, HEALTHY STATE.

GENERAL DEBILITY OF THE SYSTEM!

Mr. A. HOLLINSHEAD, merchant, *Charlton, Lorraine Co., Ohio*, wrote, December 18, 1846, that a lady having used Brant's Pulmonary Balsam and been relieved by it in the cure of his wife's consumptive cough, said: "I have personally used BRANT'S PURIFYING EXTRACT, or general debility of my system, and I have no hesitation in saying that it is the best medicine to RESTORE and INVIGORATE THE SYSTEM that I have ever used. In every instance where we have sold BRANT'S MEDICINES, *they have proved their efficacy, and given the BEST SATISFACTION.*"

BRANT'S INDIAN PULMONARY BALSAM

cures very many of the most strongly marked and developed cases of PULMONARY CONSUMPTION—*real, undoubted cases of ulcerated and diseased* LUNGS—*such* HOPELESS cases as were never before cured by any other medicine. *In other cases, regarded* more severe of the afflicted persons, as to have been pronounced *incurable* by physicians, and given up to die LINGERINGLY DYING. Scores, who had their burial-clothes made, have been cured, and yet live; others, who it was said would not live another day, are now as well and hearty as they ever were.

It possesses all the cleansing and purifying virtues nearly as powerful and active as the preparation which we call BRANT'S INDIAN PURIFYING EXTRACT.

The Balsam differs from the Extract, because it possesses *several combinations which are peculiarly adapted to, and are essentially necessary for, the cure of*

COUGHS AND CONSUMPTIONS,

and all diseases of a pulmonary nature—such diseases as usually prove so fatal under ordinary treatment, when they attack the

Breast, Throat, Lungs, and Heart.

This BALSAM *heals and cures* ULCERS *in the LUNGS*, and elsewhere *internally*, as *certainly and surely as the* PURIFYING EXTRACT *cures* and *heals ulcers externally*. This Balsam cures *half as many of Coughs and Consumptions* out of TEN, after all other remedies have *failed to do good*.

Thousands of Consumptions

and *Chronic Coughs* abundantly prove its *surprising* influence in such diseases, and its undoubted curative power, and soothing, healing properties, in the following complaints and diseases, viz.: *Spitting of Blood, Bleeding at the Lungs, Pain in the Breast and Side, Night-Sweats, Nervous Complaints, Palpitation of the Heart, Cholera Infantum, Dysentery and Summer Complaints in Children and Adults, and* ALL FEMALE WEAKNESSES.

CONSUMPTION.

A DYING WOMAN CURED!

We state this cure, to prove the POWER TO SAVE LIFE when this BALSAM is used, even after the person is *considered by physicians and friends* to be in the *last stages of disease*—actually DYING—and, in this case, so FAR GONE, *that the* SHROUD and SHROUD-CLOTHES *were bought! For the particulars of this case*, and the *remarkable and undoubted proof* of all the circumstances and facts, we refer to our PAMPHLETS.

This cure was effected on Mrs. ZIBA DYKEMAN, of *Ballston Spa, Saratoga County, N. Y.* We can prove, beyond a doubt, many *other, almost equally hopeless*, and *unquestionable cases* of *Consumptions CURED*, which were *pronounced incurable by* SKILLED PHYSICIANS.

A DOCTOR CURED!

DR. J. W. FRENCH, *of Hillsdale, Hillsdale county, Michigan*, about the 1st of January, 1848, wrote us follows: "I have been in the regular practice of medicine in this place *for nine years*, but was *obliged* to quit the practice of my profession in consequence of ill health. I was so severely afflicted with a *Cough and Pain in the Lungs*, as to convince me that I HAD THE CONSUMPTION, PAST HOPE. I coughed almost incessantly, night and day, and had severe pains and soreness in my chest, side, and breast. I tried the remedies recommended by the most skilful of the profession, all in no effect, excepting the nausea and debility caused by them. I was prejudiced against patent medicines, and have no faith now in them generally. But I was induced as an experiment, more than through faith—to try a bottle of BRANT'S INDIAN PULMONARY BALSAM; and I do here acknowledge, for the benefit of the afflicted as follows: that from the first effect of its use, to me was the most pleasant and salutary of any medicine I have witnessed the effect of in all my practice. *My cough was immediately relieved*, and in about eight or ten days I was free from cough, soreness of the chest, and pain, and now *consider and pronounce myself* A WELL MAN."

Dr. French is now a respectable druggist at Hillsdale.

FITS, FITS, FITS.

Messrs. J. K. LIPPINCOTT & SON, respectable merchants at *Hillsgrove, Sullivan county, Pennsylvania*, wrote to us, May 12, 1849, stating, among other RESULTS which had been derived from the use of BRANT'S PULMONARY BALSAM, that one of their customers in *just information* them that her child, which had been *afflicted to fits for several years*, was cured by the use of BRANT'S BALSAM

Would soon be in a Grave.

Mr. WILLIAM D. JENNINGS, a merchant at *Pierpont Centre, Ashtabula county, Ohio*, wrote to us, October 2, 1848, and stated a case of Consumption which the use of *Brant's INDIAN PULMONARY BALSAM* had effected in Mr. WILLIAM CROCKET, of said township and county. Mr. Crocket had sought *relief* from the first physicians and numerous medicines, but found none, for the fatal Land of that unrelenting monster, *Consumption*, had taken fast hold on his vitals, and was so destroying and debilitating his body, that he was a mere skeleton. He was *given up* by his physicians and all friends, as one who would soon fill a *habit a grave*. But even in this last extremity, strange and marvellous as it may seem, yet it is true, that the use of only *five bottles* of BRANT'S INDIAN PULMONARY BALSAM has unclenched the hand of the destroyer, and restored Mr. Crocket to health, and he is now a *healthy, hearty, rugged man*."

S. D. DANN, Esq., *merchant and postmaster at Jefferson*, an adjoining town, wrote to us about the same time, and stated that he was acquainted with Mr. CROCKET, and *testified to the CURE, and all the above-named facts*.

Could not Live a Day longer!

Messrs. E. B. CALDWELL & CO., of *East George, Ontario Co., N. Y.*, respectable druggists, wrote to us: "We have just heard, through Mr. Wetherell, a respectable citizen of Naples, of an important cure of *Consumption*, which BRANT'S INDIAN PULMONARY BALSAM has produced on the wife of an acquaintance of his, residing in the town of Palmyra, in this county. She had been long confined to her bed, and was so dangerously diseased, that her friends had given up all hopes for her to live *more than* ONE DAY LONGER. But, when all other hope utterly failed, she commenced taking *BRANT'S PULMONARY BALSAM*, and its 'medical efficacy has raised her from a DYING BED, so that she is now *going about and attending to her domestic affairs*, and is entirely well."

Mr. MILLER, a merchant of the same place, has certified to the truth of the above statement.

Was believed past Cure!

Mr. CORNELIUS H. SMITH, merchant, *Collins Centre, Erie Co., N. Y.*, January 15, 1848, said: "Your BRANT'S INDIAN PULMONARY BALSAM and BRANT'S PURIFYING EXTRACT are nearly all sold; and I want immediately another supply, for they *sell more rapidly*, and give *better satisfaction* than all the other medicines we have for sale. The *Pulmonary Balsam* has raised a lady here from a bed of *a apparent* and severe sickness, which all the doctors had *given up as incurable*. They said she MUST DIE with a *Consumption of the Lungs*. After all had pronounced the case HOPELESS, she commenced taking *BRANT'S BALSAM*—and now she is well."

CHRONIC DYSENTERY,

and SUMMER COMPLAINTS, in *children or grown persons*, cured without any *further* sickness. Also—

CHOLERA INFANTUM!

No mother need ever mourn the death of her child by that child-destroying complaint, when nothing in warm weather—*Cholera Infantum*, or what is called SUMMER COMPLAINT—if BRANT'S PULMONARY BALSAM be administered to the child. It should, however, in such cases, be used in *larger portions* as the directions on each bottle prescribe, until the complaint is checked.

DOCTORS CALL IT WONDERFUL.

DOCT. ISA JOHNSON, *of Lexington, Greene Co., N. Y.*, wrote to us, January 1st, 1849: "I became acquainted with some of the astonishing effects of your BRANT'S INDIAN PULMONARY BALSAM, by having witnessed some most *wonderful cases* of CONSUMPTION pronounced by its use, in Monticello, Sullivan Co., New York about a year since: and have since felt anxious that its great efficacy might become more generally known. The last summer I had a brother-in-law quite sick with consumption, and I felt confident, from what I had seen of the efficacy of BRANT'S BALSAM, that if I could procure it for his use, it would cure him; and as we lived, about ninety miles, and purchased several bottles; but before I returned with the medicine, he died. One of my neighbors was then very much afflicted with pain in the breast and side, and with such a *tightness* and tightness across his chest, that he breathed with great difficulty. He used one bottle of the medicine that I brought, and it gave immediate relief, and cured him. My wife has used another bottle, and she says it has done her more good than all the other medicines she ever took. From the benefit these persons have derived, and from my recommendation, from what I had previously heard and seen of its good works, many persons here are now wanting the medicines; and as there is no agent in this town, they have persuaded me to write for an assortment.

Yours, respectfully, IRA JOHNSON.

DOCTORS COULD NOT CURE.

Mr. CORNELIUS H. SMITH, *merchant, Collins Centre, Erie Co., N. Y.*, January 15, 1848, said: Your BRANT'S INDIAN PULMONARY BALSAM and BRANT'S PURIFYING EXTRACT, are nearly all sold; and I want immediately another supply, for they *sell more rapidly*, and give *better satisfaction*, than all the other medicines we have for sale.

DR. CHRISTIE'S GALVANIC BELT, BRACELET NECKLACE AND MAGNETIC FLUID

For the Removal and Permanent Cure of all

NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the

NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and this United States, to be the *most valuable medicinal discovery of the Age*.

Dr. CHRISTIE'S GALVANIC BELT

and

MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints arise from one *simple cause*—namely,

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease*, for they weaken the vital energies of the already prostrated system; while under the strengthening, life giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

consists, in the fact that they arrest and cure disease by *natural application*, in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks beneath the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and cause the slightest injury under any circumstances Since their introduction in the United States, only three years since, more th[illegible]

60,000 Persons

including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford *temporary* relief, but which leave the patient in a lower state, and with injured faculties; after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT! Take a Dyspeptic sufferer, even in the worst symptoms of an attack, and simply put the belt around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

CERTIFICATES AND TESTIMONIALS

Of the most Undoubted Character,

From all parts of the Country could be given, sufficient to fill every column in this paper!

AN EXTRAORDINARY CASE,

which conclusively proves that

'Truth is stranger than Fiction.'

The following letter, narrating one of the most remarkable events in the annals of Medical Science, is from the

Rev. Dr. Landis, a Clergyman

of New Jersey, of distinguished attainments and established reputation:—

SOMERS, New Jersey, July 12, 1848.

DR. A. H. CHRISTIE—Dear Sir: You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about *twenty years* I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. My physicians were skilful and excellent men, but here their prescriptions failed. About *fourteen years* since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which, to *year after year*, caused me indescribable anguish. In the severe paroxysms, the skill of my physicians sometimes afforded me great *relief*; but this relief was only temporary. Farther: in the winter of '46 and '47, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. My *nervous system* was now *thoroughly prostrated*, and as my Bronchitis became worse, so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. My sufferings were indeed severe, and I had no prospect other than being entirely laid aside from the discharge of those duties, and the performance of those labors in which my soul has ever found the highest of her joys. But reasoning from effect to cause, I concluded that the *Nervous System* must be reached, before any hope could be indulged of my obtaining relief from these most distressing maladies. In the whole pharmacopœia there seemed to be no remedial agent which could reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very sanguine hope of their efficiency) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1848. To MY GREAT ASTONISHMENT, IN TWO DAYS MY DYSPEPSIA HAD GONE! IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS; FOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS; AND MY RHEUMATIC AFFECTION ALSO CEASED TO TROUBLE ME. If time permitted, I could fill a sheet of paper with the details of particulars, but I can now only furnish this brief abstract. My Dyspepsia has *never returned*; the Rheumatism once in a while visits me, but not severely, and is easily arrested, and it manifestly being driven from its hold upon my system, and my Bronchial affection is *entirely cured*. Such is the wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from Neuralgic affections. They have tried them, WITH HAPPY RESULTS, I BELIEVE IN EVERY CASE.

I am, dear sir, very respectfully yours,

CELEBRATED GERMAN BITTERS,

Prepared by

DR. C. M. JACKSON,

AT THE GERMAN MEDICINE STORE,

120 Arch Street, Philadelphia.

Their power over the above diseases is not excelled—if equalled—by any other preparation in the United States, as the cures attest; in many cases after skilful physicians had failed.

These Bitters are worthy the attension of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands; exercising the most searching powers in weakness and affections of the digestive organs, they are without, safe, certain and pleasant.

READ AND BE CONVINCED.

Chas. Robinson, Esq., Easton, Md., in a letter to Dr. Jackson, January 8, 1850, said—

"My wife and myself have received more benefit from your medicine than any other we have ever taken for the Dyspepsia and Liver disease."

"The Tenth Legion," published at Woodstock Va., January 10, 1850, said—

"A GREAT MEDICINE."

"We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the *German Bitters*, invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance is particular, in which the superior virtues of this medicine has been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Crabill, of this county, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters, and after using it, was so much relieved of his distressing malady, that he procured another bottle, and is restored to health."

READ FURTHER A FEW FACTS

From "The Weldon Herald," published at Weldon, N. C., January 25, 1850, which said—

"*Patent Medicines.*"

"It is very seldom that we make any allusion to Patent Medicines, either approving or otherwise. Unfortunately for the country, and for honest and conscientious inventors and venders of these medicines, the land is becoming flooded with quack preparations, that are made alone for profit, and are fit not even for the dogs. In this state of things it is hard to tell which are, and which are not worth having. If a person gets an indifferent medicine the first time he purchases, he is very apt to condemn the whole of them and buy no more, and inventors must only blame those of their number, (who ignorantly combine plain medicines together for the purpose of making money,) for the ill success which attends the effort of all the deserving."

"We believe Dr. C. M. Jackson's 'Hoofland's German Bitters,' to be a most excellent medicine, and one that should be highly popular in these days of Temperance—for they are altogether Vegetable in their composition, without one drop of Alcoholic Spirits in them. This medicine is innocent, but strengthening in its effects, and richly deserving of an unbounded popularity, which, when it becomes known, it will, no doubt, fully enjoy."

Judge M. M. Noah said, in his "Weekly Messenger," January 6, 1850,

"*Dr. Hoofland's German Bitters.*—Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times—the late Dr. Christopher Wilhelm Hoofland, professor to the University of Jena, private physician to the king of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of *humbug*, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially
